“Two new mathildids from the Mediterranean Sea (Gastropoda, Heterobranchia, Mathildidae) by Smriglio, Prkić, Di Giulio & Mariottini, 2007”

The editors regret that in the latest Basteria issue 71(4-6): 177-188, 2007, some typographical errors occurred in the above paper by Smriglio et al. Due to computerized translation from one character set to another systems set a few mistakes were introduced and unfortunately were not corrected by both the editors and the corresponding author.
